2. Why do we care about corruption?

1. Funds lost (whether aid or any other)
2. Targets, outcomes, impacts, missed
3. Leaking budgets perpetuate systemic corruption, bad politics, and ‘global bads’

Goal 4: Education
3. Evidence based, politically informed, anti corruption

1. Evidence based, not values based
2. Politically informed
3. Technical and political approaches

Goal 15: Planting Trees
...political lenses blurred? ...technical focus lacking depth?

4. Anti corruption and Financing for Development

- How much of your SDG budget do you spend on anti-corruption?
- How much should you spend?

1. Funds lost (whether aid or any other)

2. Targets, outcomes, impacts, missed

3. Leaking budgets perpetuate systemic corruption, bad politics, and ‘global bads’
