2. Why do we care about corruption ?

**1** Funds lost (whether aid or any other)

2 Targets, outcomes, impacts, missed

3 Leaking budgets perpetuate systemic corruption, bad politics, and 'global bads'

Goal 4: Education

3. Evidence based, politically informed, anti corruption

1 Evidence based, not values based

2 Politically informed

3 Technical <u>and</u> political approaches

Goal 15: Planting Trees

...political lenses blurred?
...technical focus lacking depth?
try new

pol tech
see real-world problems
in amazing 4D !

4. Anti corruption and <u>Financing for Development</u>

1 Funds lost (whether aid or any other)

2 Targets, outcomes, impacts, missed

**3** Leaking budgets perpetuate systemic corruption, bad politics, and 'global bads'

- How much of your SDG budget <u>do</u> you spend on anti-corruption?

- How much <u>should</u> you spend ?
