

The image shows the official seal of the Special Investigation Department (STT) of the Lithuanian Tax Authority. The seal is circular, with a blue outer ring containing the text "SPECIALIOJO TYRIMU TARNYBA" in white capital letters. The center of the seal features a white eagle with its wings spread, perched on a shield. The shield is blue with a white cross and four white squares. The seal is mounted on a building facade.

Advancing anti-corruption training and awareness-raising: Lithuanian example

Mr. Egidijus Radzevičius, Deputy Director of the STT

Special Investigation Service of the Republic of Lithuania (STT)

STT - the **main anti-corruption institution** accountable to the **Seimas** (Parliament) and to the **President** of the Republic of Lithuania.

Fields of activities:

- Corruption prevention
- Anti-corruption education and awareness-raising
- Criminal intelligence and investigation
- Analytical anti-corruption intelligence

Lessons learned

Main goal: is to make positive and sustainable change.

Modus operandi: A variety of tools, which can be adapted and used independently, while raising the awareness as well as creating and promoting anti-corruption environment.

Highly proven measures

● E- learning platform for teachers and students

Goal: gaining knowledge independently in synchronisation with day-to-day activities.

Practical examples and everyday situations

● Challenges/games

Goal: increase the level of anti-corruption awareness while using attractive challenges and interactive tasks.

Best examples: quizzes, crosswords and puzzles, orienteering games, escape rooms

Integrity Academy (to professionals)

Main idea – to bring together best anticorruption experts for sharing experience and proven examples.

Participants: public sector organizations, including SOEs.

Process: continuous methodological assistance, consultation and best practice sharing.
